It was good experience

Manage the time

Nice teach and helpfull

Freely communicate with students. same behaviour with all students.

Acurecy in taking lectures, tests..that's all

Two new practical add in every year

They all are good in teaching

Improve speaking skills

No thanks

Best

Use visual media: Use graphics and visual media to engage students.

Make teaching interactive: Try to reach out to every student and ask for their doubts.

Consider the teacher's knowledge: The teacher should be familiar with the subject matter and be able to grasp new topics.

There are no suggestions because our teachers and institute gives us that which is important for our future

Excellent

agree

update curricula, learning, provide teacher support, invest in infrastructure, and develop assessment

Here are three observations/suggestions to improve the overall teaching-learning experience in an institution:

#### Observation 1: Integrating Technology to Enhance Engagement

- Observation: Traditional teaching methods can lead to student disengagement and passive learning.
- Suggestion: Incorporate technology, such as interactive whiteboards, educational apps, and multimedia resources, to create immersive and interactive learning experiences. This can foster student engagement, collaboration, and critical thinking.

#### Observation 2: Fostering Inclusive and Personalized Learning

- Observation: Students have diverse learning styles, abilities, and backgrounds, which can impact their learning outcomes.
- Suggestion: Implement inclusive and personalized learning strategies, such as:
  - Universal Design for Learning (UDL) principles
  - Learning management systems (LMS) with adaptive technology

- Regular feedback and assessment mechanisms
- Support services for students with disabilities or learning difficulties

#### Observation 3: Encouraging Active Learning and Feedback

- Observation: Traditional lectures can lead to passive learning, and students may not receive timely feedback on their performance.
- Suggestion: Implement active learning strategies, such as:
  - Flipped classrooms
  - Problem-based learning
  - Group discussions and debates
  - Regular formative assessments and feedback mechanisms
  - Encouraging student reflection and self-assessment

Teacher encourage participation in extracurricular activities
