

World Water Day Celebration

SHRI SHIVAJI EDUCATION SOCIETY AMRAVATI'S
SHRI SHIVAJI SCIENCE AND ARTS COLLEGE,
CHIKHLI, DIST-BULDHANA
(NAAC REACCREDITED WITH B++ GRADE', CGPA 3.00)

DEPARTMENT OF CHEMISTRY

Organizes

WORLD WATER DAY

DATE: 23 MARCH 2026
TIME: 01:00 PM
VENUE: DEPARTMENT OF CHEMISTRY

Inaugurator

Dr. P. R. Padole
Principal

Dr. G. D. Thotat
Convener

Dr. G. M. Dongare
Head

Dr. V. U. Pochhi
IQAC Co-ordinator

Organizing Committee Member

Mr. S. S. Kale

Ms. T.S. Shrirame

Mr. S. N. Pawar

ACTIVITY REPORT

The Department of Chemistry organized the World Water Day Celebration on 22nd March 2026 with the objective of emphasizing the importance of water conservation and the sustainable management of freshwater resources. The programme was conducted to create awareness among students regarding the significance of water in sustaining life and maintaining environmental balance. World Water Day, observed annually on 22nd March under the initiative of the United Nations, aims to highlight the critical importance of freshwater and to promote the sustainable management of water resources, sanitation, and hygiene facilities across the globe. In this context, the Department of Chemistry arranged a meaningful programme in the Chemistry Laboratory, which was attended by B.Sc. & M.Sc. chemistry students. The event included an informative gathering, awareness-oriented presentations, and activities designed to encourage responsible water usage and community consciousness regarding water preservation. The celebration was intended to sensitize students, parents, and community members to the urgent need for protecting and judiciously utilizing freshwater resources. On this occasion, Dr. G. M. Dongare, Head and Incharge Principal, explained the significance of World Water Day and enlightened the students about the present global water crisis, emphasizing that a large section of the population continues to face inadequate access to safe and pure drinking water. He delivered an insightful address on the topic “How to Control Wastage of Water”, stressing the importance of adopting water-saving practices in daily life. As part of the celebration, a drawing competition on the theme “Saving Water” was organized to encourage creative expression and awareness among students. The participants took part in the competition with great enthusiasm and interest. At the conclusion of the programme, all teachers and students collectively took the “Water Oath” as a symbolic commitment toward water conservation and responsible environmental stewardship. The programme was effectively anchored by Dr. G. D. Thorat, and the event concluded with a formal vote of thanks delivered by Mr. S. N. Pawar. The successful organization of the event was made possible through the dedicated efforts of the organizing committee members, namely Dr. G. D. Thorat, Mr. S. S. Kale, Ms. Trupti Shirame, and Mr. S. N. Pawar.
