ACTION TAKEN REPORT

Academic Year: 2025-2026

Department: Zoology

Event: Field Visit

Date of Event: February 7, 2026

Venue: Government Fish Seedling Center, Koradi

Participants: 66 Students & 5 Faculties

Organizer: Department of Zoology

Introduction

Following the notice issued on January 30, 2026, the Department of Zoology organized a one-day field visit to the Government Fish Seedling Center, Koradi. The field visit was designed to bridge the gap between theoretical knowledge and practical application in the field of Ichthyology and Fish Culture as per the B.Sc. curriculum.

Objectives of the Visit

- ✓ To provide students with direct technical knowledge of Fish Culture.
- ✓ To observe the breeding processes of various indigenous and exotic fish species.
- ✓ To understand the practical aspects of fish seed management and nursery pond maintenance.

Execution Details

- ✓ **Preparatory Phase:** Consent letters from parents were collected by the department coordinator, Dr. V. M. Hemke, by the deadline of February 6, 2026. Only students who submitted the signed forms were permitted to join.
- ✓ **Departure:** Students reported to the college campus at 7:30 AM. After a brief orientation and attendance check, the group departed at 8:30 AM.

- ✓ **Attendance & Discipline:** All participating students were in the prescribed college uniform and carried their identity cards. Discipline was maintained throughout the journey and the site visit.

Activities at the Venue

Upon arrival at the Government Fish Seedling Center, Koradi, the following actions were taken:

- ✓ **Technical Session:** Assistant Fisheries Development Officer Mr. Nikhil Salunke-Expert at the center briefed students on the types of circular hatcheries and breeding techniques.
- ✓ **Field Observation:** Students used their field diaries to record observations regarding water quality parameters, types of fish seeds (fingerlings), and feeding schedules as well as they have also observe various birds.
- ✓ **Interactive Q & A:** Students interacted with the center's staff to understand the economic aspects of fish farming and government subsidies available for fisheries.

Outcomes Achieved

- ✓ **Academic Enrichment:** Students successfully linked classroom concepts of "Induced Breeding" with real-world observations.
- ✓ **Data Collection:** Every student maintained a field diary, which will be evaluated as part of their practical internal assessment.
- ✓ **Safety & Compliance:** The tour was completed without any health or safety incidents, adhering to all instructions provided by the faculty.

Conclusion

The field visit was highly successful in achieving its educational goals. The Department of Zoology expresses its gratitude to the college administration and the authorities at the Koradi Fish Seedling Center for their cooperation.
